Revised LS 1/9/19

From LP Gas Rules and Regulations 420:10-1-5 (D)

11) Class X - Manager's Permit.

(A) A Class X Manager's permit is required for a person actively in charge of LP Gas operation for holder of Class I permit and at each separate branch or base of operation of a Class I permit. **All Class X holders must be a full-time employee of said Class I holder.** The annual fee for a Class X permit is One Hundred Fifty Dollars (\$150.00).

(B) **Before testing** for a Class X permit, an applicant must meet the following requirements as approved by the Board:

(i) **Hold an active Class IV or Class IV-D permit and employed under an active Class I Dealer for a minimum of three (3) years or equivalent;** and

(ii) **One (1) year of the minimum three (3) years required experience can be satisfied with forty (40) hours of specified training.**

(C) Temporary exemptions for emergency conditions can be granted by the Administrator.

To elaborate on specified training used as an exemption for 1 year's employment:

The rules look to management experience for safety reasons and has approved such training as extensive CETP hours, other states LP training courses such as the 40 hour school held by the Arkansas LP Gas Board, the 80 hour school held by the Texas Railroad Commission and other states training courses and our 20 hour training for the testing school.

Complete and Attach to Class 10 Application To Test:

(1) Review all rules and regulations and make sure you are qualified.

(2) Printed Name of Applicant: _____

(3) Employed by Class 1 Dealer: _____

(4) Have been a full time employee since: _____

(5) My Oklahoma Class IV or IVD Permit Number: _____

(6) Signature of Testing Applicant Affirming all Qualifications are Met in Full
