TITLE 420. OKLAHOMA LIQUEFIED PETROLEUM GAS BOARD
CHAPTER 10. LIQUEFIED PETROLEUM GAS ADMINISTRATION

RULEMAKING ACTION:
Notice of proposed PERMANENT rulemaking.

PROPOSED RULES:
420:10-1-5. Permits [AMENDED]
420:10-1-18. Insurance requirements [AMENDED]

SUMMARY:
The proposed amendments to 420:10-1-5 provides clarifying language and increases the annual renewal fee required to be paid for a Class I permit from $400.00 to $900.00. The amendment also clarifies that the annual renewal fee required for a Class I permit on inactive status will remain at $400.00. An amendment to the Class IX-A – Mobile Homes and Recreation Sales Permit changes the word “Mobile” to “Manufactured” to be consistent with the statutes and is more in line with current industry terminology.

The proposed amendment to 420:10-1-18 simply changes the title of the Class IX-A permit from Mobile Homes and Recreation Sales Permit to Manufactured Homes and Recreation Sales Permit. Again, this amendment keeps the rules consistent with verbiage currently in the statutes.
